### **SEBM Career Roundtable & Mentoring Mixer**

Saturday, April 22nd, 5:00pm

### **SEBM Awards Reception & Poster Competition**

Sunday, April 23rd, 5:30pm

## **KuoHsiang-Ling**

Congratulations! It is my pleasure to notify you that you have been selected to receive a 2017 Young Investigator Award from Society for Experimental Biology and Medicine. This year's program was extremely competitive, and it is to your credit that you have been selected to receive this award.

On behalf of the SEBM I wish you a productive and fulfilling experience at this year's Experimental Biology meeting. We look forward to meeting you at the **SEBM Awards Reception, Career Roundtable and Socializer** to present you with your award. This year we are instituting the "Flash Chat."

Please be prepared to present a short (two minute) summary of your research when you receive your award! This will allow our membership a better understanding of your work, and will stimulate discussion during the evening's activities! We also encourage you to attend the SEBM Career Roundtable and Networking Mixer. More information about these events will follow.
